There is not much to tell, but those words you find as text-ideas inside the sketchbook. The layout is pretty fast and liederlich, so as sketches are worked. Have some fun with one or another one of these drawings or with some words in „prosa“ poetry inbetween. Don't mind mistakes, there are a lot. Thank for being interested at my art.

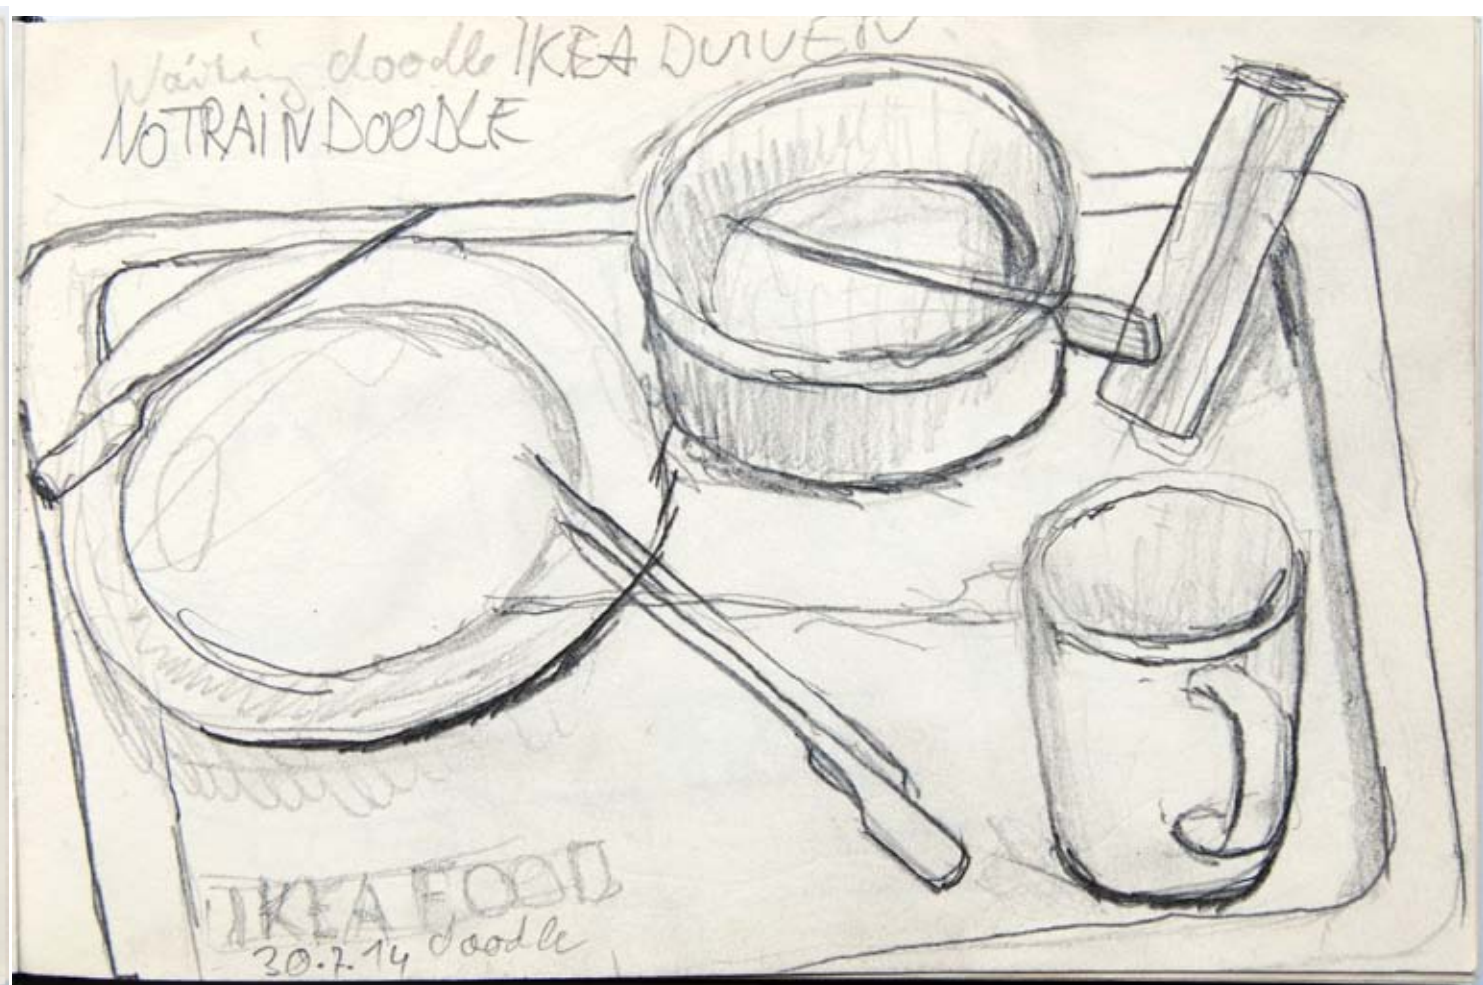

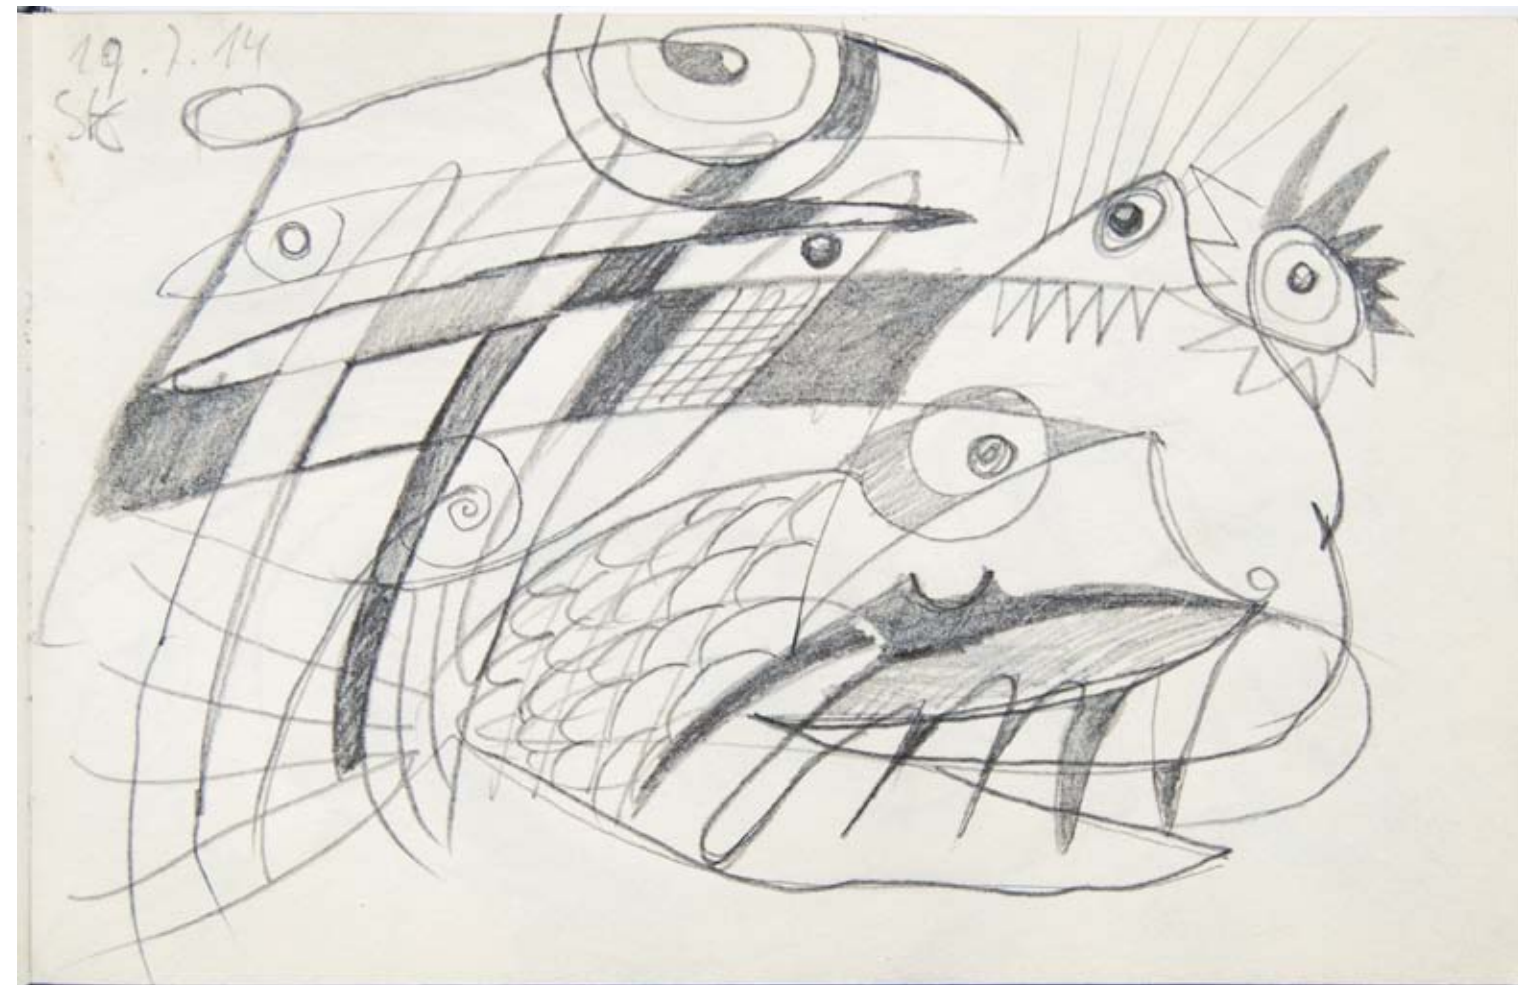

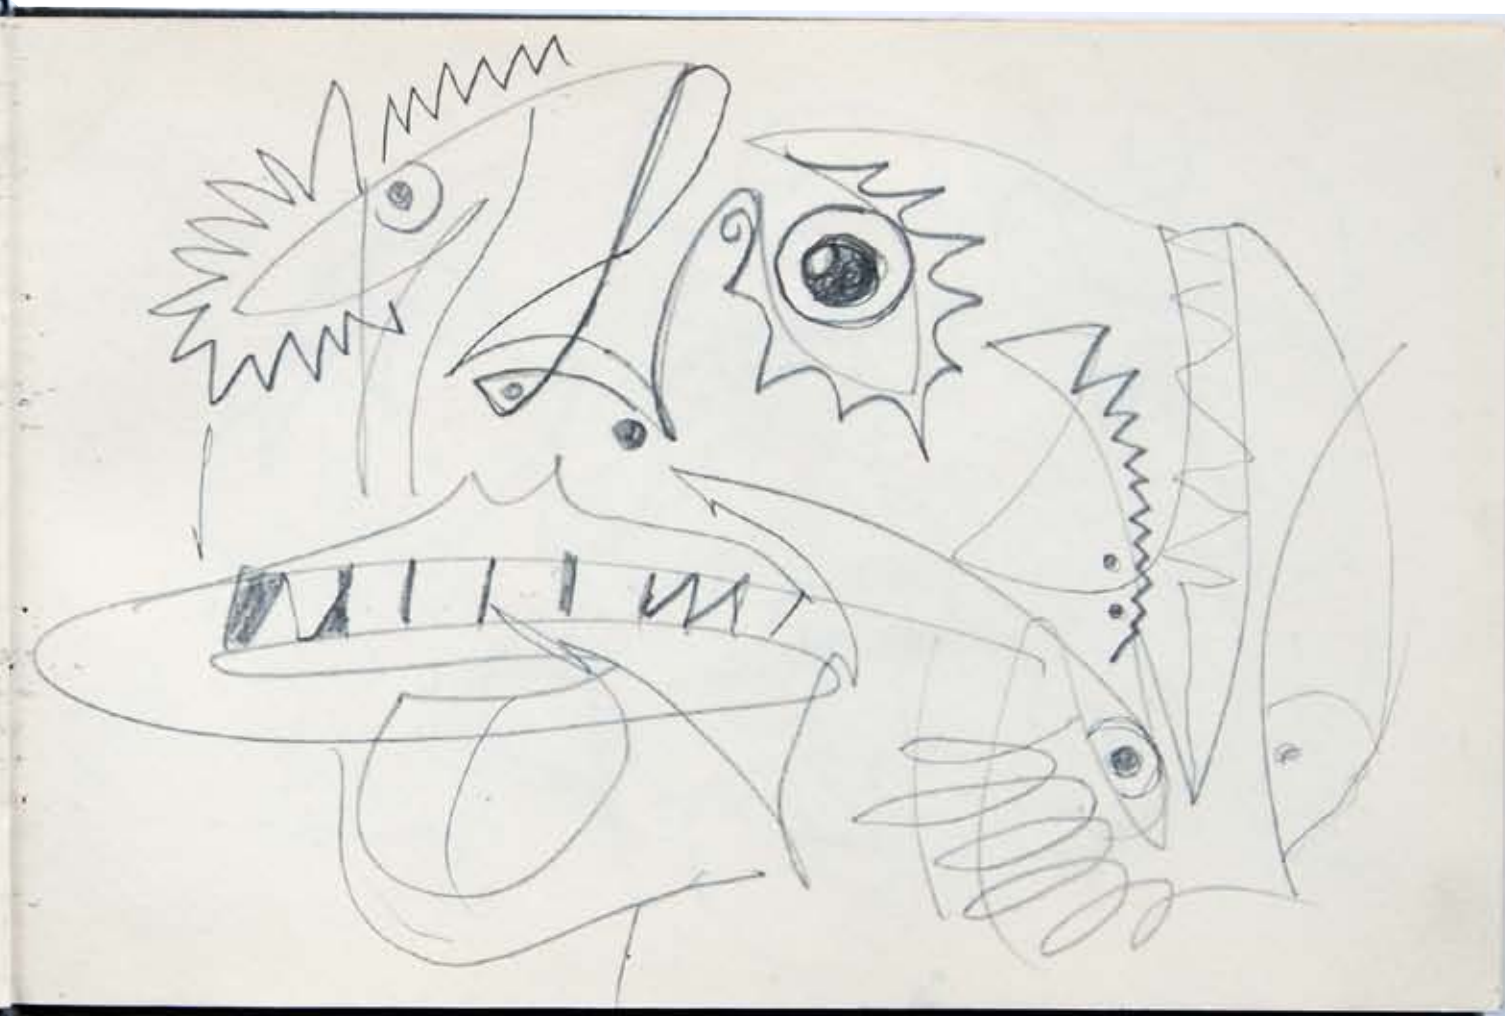

**Fantasytraining**  
 In this Guckbook, you find many works out of lines. Fantastic constuctions start by composing the lines.

A few stills and some simple and fast portraits I added as differences or breaks to the linear composings.

**T**o give you the look and feel of a sketchbook I present pages with the black borders from the cover of the booklet. That makes the layout more noisy and the design more trashy.

Die Demokratie ist eine Avocado  
 Man nehme den Kern heraus,  
 gebe Salz und Pfeffer dazu und ein wenig Zitronensaft  
 und esse sie genüsslich auf.

Der Rechtsstaat ist ein Glaube  
~~Religion~~

Solange die Mehrheit des Glaubensbekenntnisses  
~~herunterbetet~~ <sup>bezeugt</sup> ~~wählt~~, bleibt der Rechtsstaat,  
 Staatsreligion.

Ist die Avocado <sup>Loer</sup> ~~betet~~ <sup>macht keine dann ein</sup> ~~nicht~~ <sup>Kreuzchen mehr</sup>  
 (den Rechtsstaat an.)

Dann? Dann ist Zeit für die  
 Gesetze des Glaubens aus einer  
 anderen Frucht, die erst noch  
 wachsen muß es gibt <sup>fo</sup> viele  
 Früchte des Glaubens, ~~zu kaufen~~  
 welche werden wir dann ~~essen?~~ in dieser  
 Supermarkt noch kaufen können?  
 Wenn die <sup>Avocados</sup> ~~Religie~~ <sup>Loer</sup> sind? Welche  
 Früchte sind dann ~~übrig?~~

Das

Wissen ist Macht,  
Google weiß alles,  
" ist allmächtig  
Wir alle wissen was Google weiß,  
und Google kennt uns alle  
Google sorgt dafür das wir alles wissen  
wie Google es will. Denn Wissen  
ist Macht.

Und Google ist allmächtig, Google  
weiß alles über uns wir wissen  
alles was Google uns wissen läßt und  
Glauben ~~alles zu wissen~~ <sup>glauben an</sup> Google
