ART **MAGAZINE**
TRAIN DOODLES

2017

in memory of a lost sketchbook with doodles out of 2016 and 2017 from RE 5, NIAB 58 and Abellio and Ersetzbus. it may be (they) got far. anytime

Trindoodles 2017

This sketchbook was dedicated to exercising portraits. Most images are portraits of trainpeople, sceneries or stills from the train or on the way while travelling. There are only a few surreal- and dadadrawings inbetween. Sometimes the seats in face to me are empty. The booklet is about 20 cm x 30 cm, the size of the sketchbook and being bound on the short edge makes portrait drawing more easy. The simple rough layout of this Guckbook supports the sketchy look. Thank you for spending time with my doodles, have some fun and get inspired by my sketchwork.
