If there is a word before the word we call it

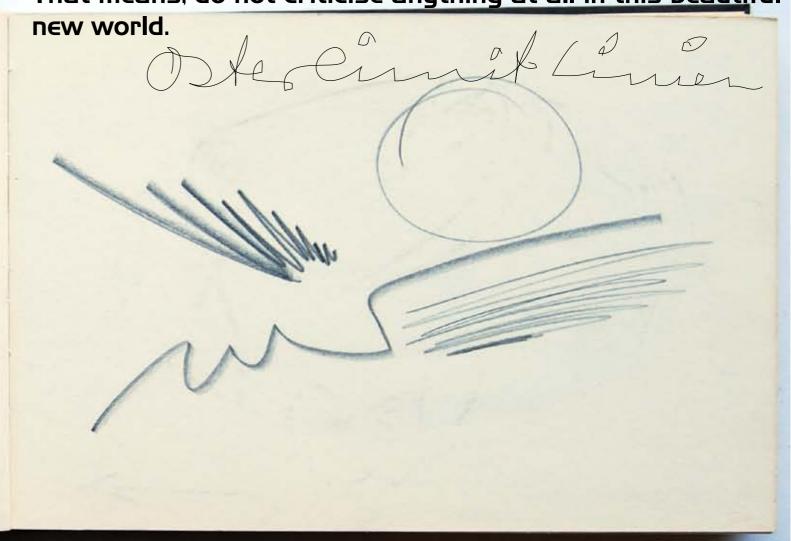

VORWORT

noch Sieht aller normal, ans

This sketchbook with wild art out of the 90th, seems to be inspirated. The idea is the work. The pages nearly chronological following the original. The photography is as wild as the drawings. I only adjusted the the colours a few to make them shiny. So be prepared to see rough thoughts, that are not ever political correct in theese times. I added some comments from today and I had to erease a symbol that is not allowed to use here in Germanisthan, even not for critics.

That means, do not criticise anything at all in this beautiful

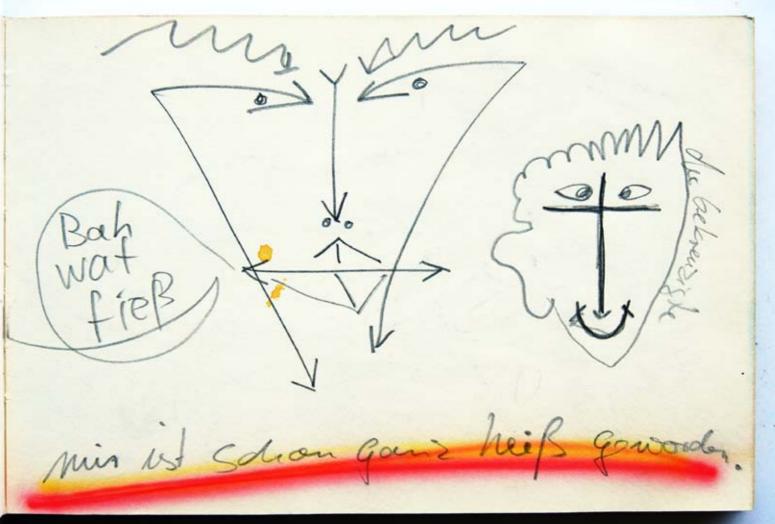

Len Solvenahrum

Art is for freedom! To set limits to art means: No freedom at all by limited thinking. Not even thoughts are free. The thought-police has multimedia-control.
