This GUCK book is as Grunchy as the Type, the Layout and the Imagework is.

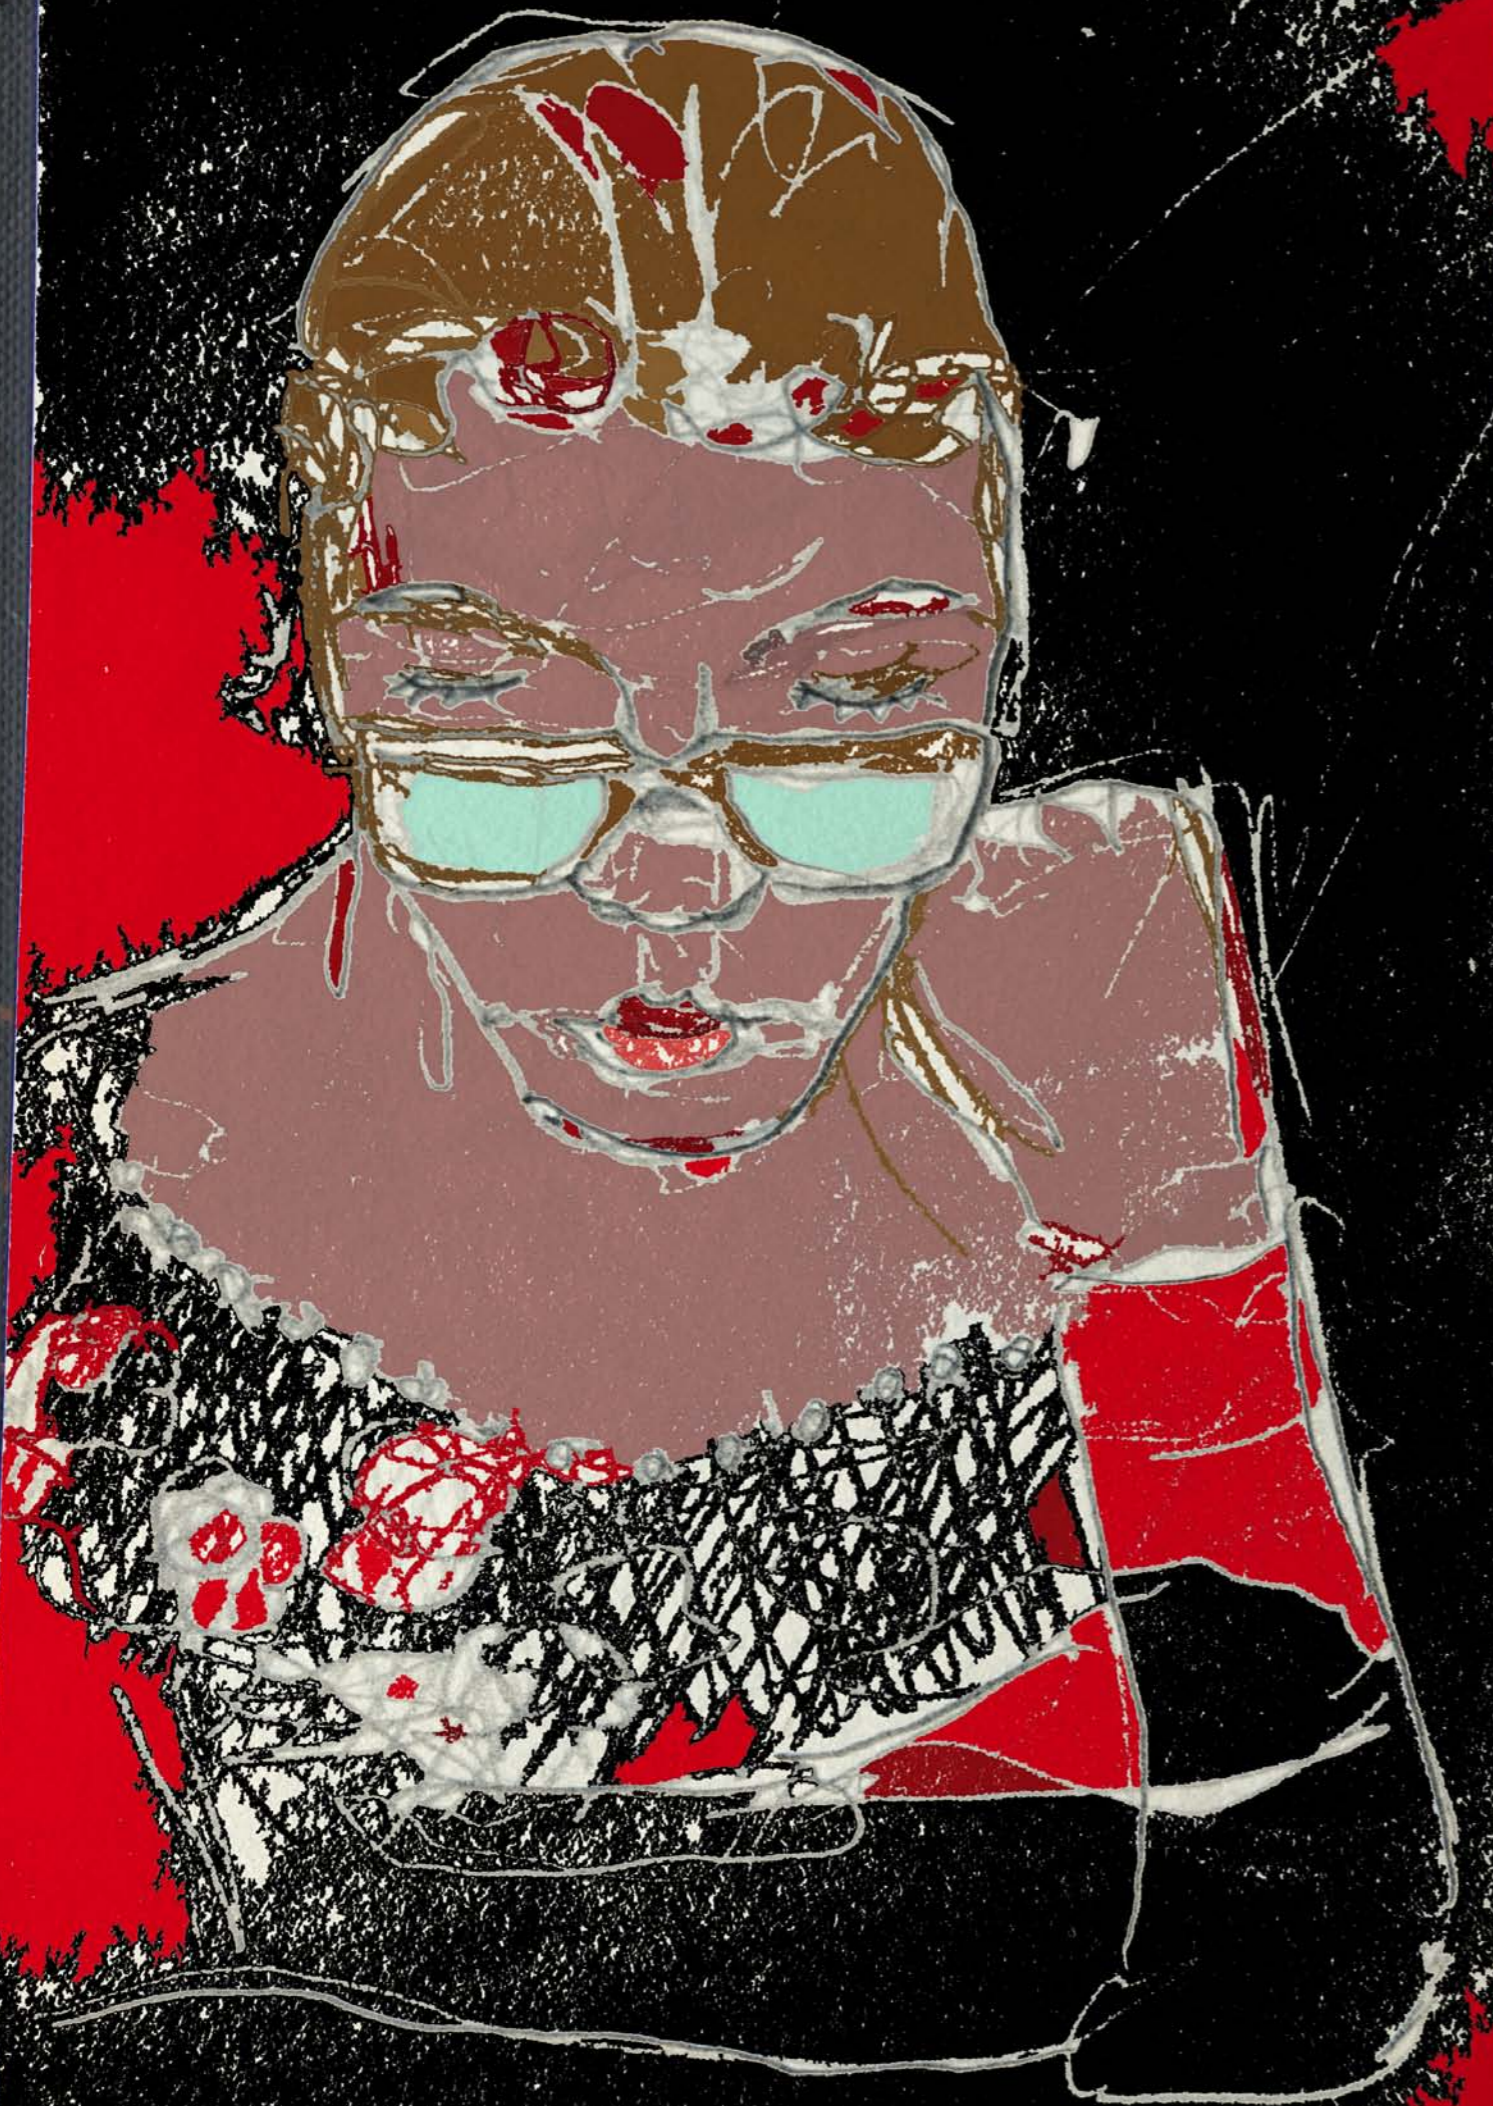

Here I show some pages from a sketchbook out of the end of 2015 and 2016, coloured in 2020.

They are called train doodles for they are drawn in the train. Surrealism mixed with fast made drawings of people or things I saw on my way.

Stuff for making boring times to a short while.

Some similar drawings without the intention to do work very intensive. It was fun to do, if it makes fun to look at, than it fulfils the job.

is no reason for it, but being ART.

I'd like to see you looking to my
ART magazine from time to
time. Thanks a lot for respect-
ing my ART and spending time
on it. Be inspired and have a nice
time :)

Changes the idea of drawing
the things as you see, to design
with things you create.

I changed my style and added a multiplying layer with some masked elements and lines. It's still quick and fast but colouring is more directed
